

PONYTAILS

REQUIREMENTS: RUBBER BANDS, A COMB AND PATIENCE

OPTIONAL: GEL OR OTHER SETTING PRODUCT, PINS, RIBBON, NEEDLE AND THREAD, PLIERS, AND CREATIVITY!

STEP 1. SEPARATE THE HAIR AT THE PART

STEP 2. COMB HAIR INTO LOOSE TOPKNOT

STEP 3. GATHER PART-TAILS AT NAPE. TIGHTEN!

STEP 4. JOIN WRAP PIECES INTO TOPKNOT

TIGHTEN!

STEP 5. SEPARATE A PIECE AND WRAP AROUND TOP KNOT.

NOTE: FOR THIS STYLE, NEATNESS IS VERY IMPORTANT SO TAKE YOUR TIME AND GET EVERY STRAY

NOTE: THIS IS NOT THE FINAL TOPKNOT; YOU JUST WANT THE HAIR OUT THE WAY UNTIL YOU ARE READY TO WORK WITH IT.

NOTE: YOU CAN STITCH LOOPS AROUND THE SIDE WRAPS IF YOU LIKE. YOU CAN ALSO USE A PIN IN THE SCALP TO ANCHOR THE BASE.

NOTE: YOU CAN USE A WIDE VARIETY OF SIZES AND COLORS OR RUBBER BANDS AND THREAD TO SECURE YOUR WORK. FOR THIS EXAMPLE, THESE BANDS ARE JUMBO.

NOTE: YOU CAN BRAID THIS PIECE, OR SKIP IT TOTALLY AND JUST USE A RIBBON OR OTHER HAIR. BE CREATIVE!

NOTE: THESE ARE THE KEY STEPS TO CREATING THESE STYLES, BUT THEY TAKE PRACTICE.

PINCURLS

SAME REQUIREMENTS AS PONYTAIL HAIRSTYLE (SEE REVERSE SIDE)

BOTH STYLES CAN BENEFIT FROM A SHORT HEAT SET WITH WARM WATER AND/OR BEING STITCHED IN PLACE WHILE A SETTING PRODUCT HAS TIME TO SECURE THE STYLE.

STEP 1. SEPARATE HAIR AT THE PART, INCLUDING FRONT HAIRLINE TO BEHIND THE EARS.

NOW, SEPARATE SOME HAIR TO MAKE YOUR CURLS IN STEP 6

STEP 2. COMB ALL OTHER HAIR AND SECURE AT NAPE OF NECK.

STEP 3. ROLL BOTH PART-TAILS TIGHTLY AGAINST THE HEAD TO CREATE 2 SIDE ROLLS.

STEP 4. SECURE THE ENDS OF THE ROLLS AT THE NAPE OVER OTHER HAIR, TRIM AS NEEDED

NOTE: FOR STEP 5, IT'S EASIEST IF YOU GATHER THE REMAINING HAIR LIKE A WING AT THE BACK.

STEP 5. ROLL NAPE HAIR OVER THE END OF THE 2 SIDE ROLLS AND SECURE

NOTE: THE VOLUME OF THE BACK CURL DEPENDS ON HOW SHORT AND HOW DENSE IT IS. IF YOU ARE COMPACTING A LOT OF HAIR, YOU MAY WANT TO LET IT SET WITH A NET OR STITCHES IN PLACE TO SECURE IT.

STEP 6. CREATE EACH PINCURL BY HAND AND SECURE WITH A STITCH

NOTE: YOU CAN ROLL THE HAIR AROUND A PENCIL TO CREATE THE CURL, GEL IT, STITCH IT, AND REMOVE THE STITCH AFTER IT DRIES
